

F 102 FORWARD VIBRATORY PLATE

For compaction of sand, gravel, rock fill and paving stones.

All our machine models are versatile and easy to operate. They are also durable and reliable, which imply low maintenance costs.

- The SWEpac F 102 is the ideal high performance all-round machine.
- Cyclone pre-cleaner air filter, improves dust filtering efficiency and lowers maintenance cost.
- With a Vulkollan® plate (accessory) attached to the baseplate paved areas can be compacted efficiently for an even surface.
- The F 102 can cope with the toughest of jobs since parts of the engine and transmission are protected by a cover.
- The chassis and protection frame are galvanized providing a superior corrosion protection and maintenance-free life.
- The excentric element has permanently lubricated bearings that are maintenance free.
- The handlebar can easily be removed without any tools, for instance, during transportation.

TECHNICAL DATA – SWEpac F 102

Weight, net	100 kg
Base plate, width x length	430 x 610 mm
Height, max / min	1030 / 990 mm
Length, max / min	1120 / 660 mm
Engine	Yanmar L48
Fuel tank capacity	2.4 liter
Fuel	Diesel
Engine output, max	3.5 kW (4.7 hp)
Centrifugal force	15 kN
Frequency	88 Hz

Working speed	0–25 m/min
Hand/arm vibrations HAV according to ISO 5349 on gravel surface	4.6 m/s ²
Guaranteed sound-power level, LwA	105 dB(A)
Sound pressure at operator, OP	90 dB(A)

PART NUMBER

305810-01	F 102 with Yanmar diesel engine and standard handle
-----------	---

ACCESSORIES

305705	Transport wheels for F 102
305322	Vulkollan plate with brackets

SWEpac is Sweden's leading manufacturer of soil compactors. The company has a wide range of products, with different motor options and a variety of sizes for every application. SWEpac is certified for quality and environmental management under ISO 9001 and 14001, and our machines are Eurotest-certified by SMP Swedish Machinery Testing Institute. You will find detailed information about the company and our products on our website, www.swepac.com. We reserve the right to make changes in technical specifications without prior notice.
